On behalf of the City of Orange Police Department, I would like to recognize the many accomplishments of the Orange Housing Development Corporation (OHDC). Since 1990, OHDC has worked towards providing secure, clean and attractive housing for people of low and moderate incomes. Often times these renovations have occurred in areas that were subjected to continued neglect and had become an eyesore to the surrounding community. It has been through the efforts of OHDC that these properties have been refurbished and made available to people who deserve a better place to live and raise their families.

Through your efforts and partnership with the police department, crime has gone down and the quality of life for tenants has gone up. I especially appreciate your after school and day-care programs for young children.

Again, thank you for your continued contributions to the improvement and betterment of the community we both are so proud to serve.

Sincerely,

Robert H. Gustafson
Chief of Police
